

Request for Absence 2023-2024

Parents who wish to take their children out of school for activities or family events need to fill out this form and return it to the office preferably two weeks prior to the scheduled absence. This form does not apply for medical/dental appointments.

Our school calendar has been specifically designed to offer long weekends for family vacations or other activities. We would recommend that parents do their best to use these scheduled days off as much as possible, rather than removing their children from school.

Consider carefully what your child will be missing from school while they are gone, especially how they are progressing with their learning. Education happens in a variety of ways in our classrooms, and students miss discussions, explanations, and individualized help when they are away from their classrooms and teachers. If your child struggles in school, missing an extended amount of time can be difficult to overcome for that student. Parents should recognize that their student's grades may be lowered as a direct result of missed instruction.

Please refer to the Attendance Policy listed in the school's Handbook for further clarification and information.

If you have questions or concerns about the length of your planned absence and how it will affect your child's schooling, please contact your child's teacher.

Request for Absence

Student(s): _____
(List all children if more than one will be absent)
